

6. (New) An isolated nucleic acid comprising the sequence of DDRT7 (SEQ ID NO:50).

7. (New) An isolated nucleic acid comprising the sequence of DDRT16 (SEQ ID NO:40).

8. (New) An isolated nucleic acid comprising the sequence of DDRT26 (SEQ ID NO:14).

9. (New) An isolated mRNA encoded by the nucleic acid of claim 5.

10. (New) An isolated mRNA encoded by the nucleic acid of claim 6.

11. (New) An isolated mRNA encoded by the nucleic acid of claim 7.

12. (New) An isolated mRNA encoded by the nucleic acid of claim 8.

13. (New) A *C. elegans* the genome of which has been engineered to include the nucleic acid of claim 5.
